

Photographed at the Kelpies are three candidates with their PIABC Scottish Vocational Qualification Certificates presented by ATT Centre Principal Andrew Gibson MIMMM AIWSc.

The candidates work in a joinery department manufacturing doorsets including sawn wood production (crosscut saw, mitre saw and circular rip saw) and planed wood production on a planer thicknesser.

This PIABC Scottish Vocational Qualification in Wood Products Manufacturing at SCQF Level 5 forms part of a Scottish Modern Apprenticeship in Wood and Timber Industries.

These three candidates who work near the Kelpies, achieved this significant qualification despite the disruption caused by the Coronavirus Covid-19 pandemic.

The training and assessment was undertaken by Scottish provider ATT.
