

**PIABC Level 3 Certificate in Packaging  
(QN: 610/0741/9)**

**Assignment Topic 2025**

For one of the products below, describe a typical pack format, including the material used for the primary pack. Discuss how this pack meets the functions of packaging.

- Frozen premium pizza
- Mascara
- Premium chilled soup
- Four pack of chopped tomatoes
- Champagne (sold through an online retailer)
- 60-inch flat screen television

Describe the manufacture and decoration of the pack, the filling methods and secondary packaging, and its performance in the distribution and retail environments.

The suggested word guidance is between 3,000 and 5,000 words.

**This topic is available to candidates during the period 01 January to 31 December 2025.**

All completed assignments must be submitted to PIABC for marking by 31 December 2025.
