

Level 3 Composites Technician (ST0094)

EPA1: WORK-BASED PROJECT COVER SHEET

Full Name:
ULN:
Submission Date:

In submitting this cover sheet with your work-based project, you are confirming that you have complied with the following statement:

“I declare that this work-based project is my own work. Where sources such as the internet, books and the work of others has been used; these sources have been fully acknowledged within the text and included in the references and bibliography on the last page. Any assistance given by others has been included in the acknowledgements.”

Apprentice's Signature:

The work-based project should be presented in the following format:

- In Arial font size 12
- Double line spacing
- Pages should be numbered
- Please add a footer to your work-based project – full name/ULN/submission date
- Minimum word count of 1,500 words (excluding any appendices & references)
- In PDF format

Failure to adhere to the rules may result in work not being marked.

A work-based project submitted without this signed cover sheet will not be accepted.
