

**PIABC Level 3 Certificate in Packaging**  
**(QN: 610/0741/9)**

**Assignment Topic 2026**

For one of the products below, describe a typical pack format, including the material used for the primary pack. Discuss how this pack meets the functions of packaging.

- A carbonated soft drink
- Long life UHT milk
- A multi pack of different flavoured crisps
- A pack of cereal (e.g. cornflakes)
- A luxury perfume
- Frozen fish fingers

Describe the manufacture and decoration of the pack, the filling methods and secondary packaging, and its performance in the distribution and retail environments.

The suggested word guidance is between 3,000 and 5,000 words.

**This topic is only available until 31 December 2026.**

All completed assignments must be submitted to PIABC for marking by 31 December 2026.
